

Bunurong Memorial Park

Dandenong South

Upcoming remediation works

The Southern Metropolitan Cemeteries Trust (SMCT) wishes to advise of upcoming remediation works to be carried out at Genesis Lake in Bunurong Memorial Park.

To ensure we can continue to maintain a respectful and beautiful resting place for our families, we will be undertaking major essential works to remediate the Genesis Lake edge and nearby grounds.

About the works

Genesis Lake will be temporarily drained as part of the essential works.

To minimise any potential damage during the works period, some memorials will also be temporarily relocated. Holders of Rights for affected memorials will be contacted directly. Access to the area is restricted during the works.

The proposed start date for the works is 1 August 2023. This will be dependent on weather and grounds conditions. We anticipate the works will be completed in December 2023. Please visit smct.org.au/genesis for updates.

For more information

If you are the Holder of Right for a position in this area, queries and feedback can be directed to our Customer Support Team on (03) 8558 8278 or via email to bmp.enquiries@smct.org.au by Monday 24 July 2023. Our team will continue to support you through these works and regular updates will be placed on our website at smct.org.au/genesis
